

ANNUAL REPORT 2020

PROGRAM ACCOMPLISHMENTS

MISSION

Training rescue dogs as service dogs and promoting collaboration between dogs and people through science, education and ethical training.

2020 has been a year in transition for Medical Mutts. Not only did we move our facilities to a much bigger and better location at the end of the year, but we also gradually transitioned our operations from a for profit model over to a non-profit. The accomplishments listed here include our overall impact for the whole year and may overlap between the two entities as they operated side by side. By 2021, this overlap will no longer exist.
